

St. Charles Parish July-August 2011 workload report

July 20, 2011: Louisiana Appropriations Coalition meeting. Tom and every Chief of Staff in the Louisiana Congressional Delegation attended the meeting. There was broad approval for the coalition and it's priorities.

Other: We have been in ongoing discussions with the River Region Chamber to coordinate their fly-in. Specifically, we will be hosting an evening event on the rooftop of Alston and Bird and securing a room in the Capitol Complex for the Chamber to meet with legislators and their staff.

We have begun discussions with a smaller group of LA Congressional Delegation staff to form a group that will get creative and find a way to pay for the levee with available funds now.
